This is a fast paced survival on the shooter game, where the player must defend his base from the on-coming hordes of zombies. Each level has a different number of zombies at different speeds, each moving continuously towards the base; If they get to the base, they will damage it and the game is lost when the zombies get inside the base. The main goal of the game is to survive until the rescue arrives in 40 days. To do this the player must manage their time resources in order to send search groups to clean up from buildings to find items, weapons and survivors. Survivors can also be managed on a more personal level. Time is an important resource in the game and more time is earned by killing zombies and more awarded to players when they get headshots; search groups and cannot search buildings if the time is too low. The controls in Dead Zed 4 will follow the standard set by other games in the series; The player will use the mouse to aim the weapon and left click to shoot the weapon. The weapon can be recharged by pressing the r button or the player can double-click the left mouse button. It is also possible to mute music and pause the game. There will be hacked versions of the game online with unlocked features and some players will have hacked all weapons. The game world is full of shooting games, and also, there are so many games about discovering the galaxy. They are fine simulators, but I want to introduce you to a new version of one of the best games, Dead zed 3is the perfect mix of amazing adventure simulator and shooting platform. This is a fresh released game dead zed 3 and you can play that great free game on this site. The third version is full of new advanced features and amazing characters, also the developers have created a completely new scenario for this third version, you can enjoy the new maps and dark sides of the galaxy. This game is absolutely the main line of shooting the game, and will definitely delight you with its amazing story and amazing graphics. Also, there are no errors. And unlike previous versions, the creators of the game have added a very different strategic movement for their enemy players. So you need to be more mobilized and play with full attention to defeat the attackers. Dead zed 3 has so many new opportunities for you because there are so many new maps and also interesting plot twists. As I said, this game has a completely different and new story. The reason is simple. The creators wanted to write a breathtaking story about a brave soldier and they did it completely. The scenario of this new third version takes place on the space platform, and it is located in a newly discovered galaxy, which is full of psychopathic aliens and unknown animals. In the beginning, your main character is a normal engineer who born to work in a safe environment. But in one ordinary working day, your platform is under attack and you have to deal with angry aliens and also destructive robots to save yourself and also save the earth. The scenario of this game is extraordinary and really interesting, because unlike other common shooting games, there you can play with five different characters and all of them are so amazing. They have different skills and types. Also, you need to carefully select characters, because each of them has a different path for you. In my opinion, if you are brave enough, you will examine all of them. You need to work on updating your types of weapons, and this will help you move on. The controls in this game are the same as the other shooters. You have to press W to jump to move right, press D and move left, press A You need to use S crouch and also you have to press R to re-charge the weapon. To change the weapon, press Q and deploy your drone, use E Dead zed 3 has a modern style of play where you have as many options to play as you wish. Your main task is to destroy enemy soldiers and consider that you have new weapons with advanced features. Also, by killing attackers, you can make money, and with this money you can buy new better weapons and also update your equipment with super power-ups. You can also buy a drone to help you in battle. This game is full of amazing details like you can choose a silencer for your weapons and even different types of drones. So, he chose the right equipment for your war and saved the planet. The graphics in this game are cool and will give you joy with their modern textures and amazing colors. This game has so many amazing new skins for your armor and each cannon has an original visual, making it so realistic and making the game more beautiful. Also, every sound fits perfectly with an intense battlefield. So enjoy the game!
